3

Map the area

a. You will be tracing buildings and roads within the fuschia square.

b. To add a building: click on the "Area" button and trace the building outline. Double-click to finish.

c. To classify the area: on the left side of the screen, click "Building Features", then scroll down and click "Building" again. The building you traced will turn red.

d. To add a road: click the "Line" button and trace the road. Make sure it connects to other intersecting roads.

e. To classify the line: on the left side of the screen, click the appropriate category then subcategory.

4

Save your work

a. Click the "Save" button at the top of the map area.

b. On the left side of the screen, click "Upload" to confirm.
